

Sales and income taxes lead state-source GRF and lottery profits receipts

State-Source Receipts by Category, FY 2024

Total: \$31.18 billion

Source: Ohio Administrative Knowledge System

- Receipts from the sales tax (\$13.95 billion) and the income tax (\$10.00 billion) accounted for 76.8% of state-source receipts of \$31.18 billion in FY 2024.
- Business taxes totaled \$4.10 billion, including \$2.37 billion from the commercial activity tax.
- All other receipts totaled \$1.61 billion and were primarily comprised of the cigarette tax (\$750.4 million) and investment earnings (\$454.3 million).
- Lottery profits, \$1.51 billion in FY 2024, are solely used to support state education programs.
- State-source GRF and lottery profits receipts decreased 2.7% in FY 2024, after increasing for three consecutive years.
